Reserved for Liz

Dearest Sawyer,

Well, it all started in Psychology - Then you moved to the back of the room. End of episode one. School started again and we had the same views - political, social, 'n everything. The Pre-med Club helped too - We started being pretty good friends and now you are one of my best.

About our second date you asked me to the Sigma Tau formal - that was fine. Speaking of  $\Sigma T$  - they are the tops. The best group of boys I've ever known. Then I was Rose. That was one of the grandest things that ever happened to me. I suppose you know that tho'. Congratulations to the new President - Make it better than ever next year. You can.

If I started to put all the "remembers" here it would take the whole book, so I'll just put a few highlights - (1) The pre-med and especially the TRIP. (2) the dances and you know which one in particular, (3) all the elections (4) barbecue sandwiches (5) just everything that's happened the last three or four months.

I am glad for one thing. We don't have to say good-bye at the end of next week. We have another 12 months of school any way. So here's to next summer etc. Thanks for a swell year and a fine friend -

Love,  
"Liz"

Dear James, <sup>this</sup>  
 Just as every one  
 else is, I am proud to be  
 in a freshman class which  
 you are President of. So  
 stick with it, boy, you  
 have what it takes.  
 your good buddy,

Zaphney  
 ETT

Dear Jimmy,

I can always be proud that I  
 knew you, for you are without one  
 of the finest fellows I have ever known.  
 No stuff you are a swell friend an' brother.

Big Edwell

Dear Sawyer,

I think you know how I feel about you without taking all this space and I hope it wasn't saved for someone else.

I have enjoyed every minute that we have been together and I really think you are one of my friends in life and I really hope we continue our good friendship next year as roommates.

I think you have picked a swell girl to go with and I have been overjoyed being with you two on picnics and "Pre Med," (best club in school) trips and well, I think you are a hell of a good fellow and I like you more than I can tell you on this this ---- paper.

We will really get the job done when we get the new job next year.

your friend  
Orather

Dear Sawyer:  
Honestly I  
consider your friendship  
a great privilege. I've really  
enjoyed being around you this  
year and you don't know  
how much it pleased me  
to hear that you had  
been elected our  
president for  
next year  
your friend  
J. D.

GOVERNOR HOMER M. ADKINS

# 1941

Editor-in-Chief \_\_\_\_\_ Ira "Doc" Jones

Business Manager \_\_\_\_\_ Tom Haley

Dear Sawyer

I've known you since last summer and since then ~~for~~ my friendship with you has grown. We've had some pretty good times this year and I only hope we can have this much more next year. That Pre-Med trip was a honey <sup>(H.O.W.)</sup> and I'll never forget it. The only thing I really have again you is that you've got the "sweets" and I mean they are bad. But I could hardly blame you. Here's to our friendship and may it ever grow. Best of Luck and all that goes with it from

P.S. I think you'll agree

We never will be  
able to study together

## FOREWORD

We are indeed gratified to have been selected to bring out the beauties and values of Arkansas A. & M. College. As we bring before you the images of our beautiful buildings and campus, keep in mind that this is only a part of the wonderful institution, which we all are very proud to be an intimate part of it.

IRA L. JONES, Editor-in-Chief  
TOM HALEY, Business Mgr.

H. Sawyer. cont. from following page.  
that for a month and a half  
year. Your old lady.

Well, Sawyer, Kid,  
I don't know how to  
say what I want to  
say. I do know that  
no body but the swell-  
est person in the  
world could put up  
with me for a roommate  
and be as nice about it as  
you have been.

Honestly though, I'm not  
very good at writing flowery  
speeches about this and that,  
but down inside me there's  
a big space for you. I don't  
think God ever put a finer  
guthing person, or friend on this earth.

It's quite a treat to come in contact with a  
personality like yours. You're an inspiration  
to me and you make me want to do better and  
try to be somebody some through you probably  
won't tell it by the day I write. I sincerely hope  
and wish that you have all the success and happiness  
which that you truly deserve. I know you will be an  
outstanding person where ever you are. And remember  
this, nothing could ever change my opinion of  
you. I'll always remember you as the sweetest person  
anybody could have. Hope I can entertain you one  
day at our country. Good luck to you all. Love you all.  
H. Sawyer.

# Ex Libris

Remember we  
are here in the  
world but in the world.

To the . . .

HON. L. K. POMEROY

We, the staff of the 1941 Boll Weevil, wish to dedicate this annual because of his supreme interest in guiding our college along the pathway of prosperity and success; and because of his overwhelming concern for the welfare of everyone affiliated with Arkansas A. & M. College.

you is O.K.

# Activities 7.5.

Dear Sawyer,  
you may not remember the first place we  
met but it was Freshman get together - We had  
a big argument about what was best "oots" or Babe.  
well Sawyer this ~~has~~  been a fine year  
for me and you have help me out so.  
I will always remember you and "Lissy"  
(we is all pals) at Sigma Tau dance -  
Rose and all - That was a fine dance  
and you "guys" are a fine bunch of boys  
but I guess you know how I feel  
about that. Sawyer always keep that  
smile and please don't wear yourself out  
slinging those hands while you is talking  
Even though I want to be here next year  
I will be pulling 100% for you and  
the Tau's want lose a pledge - Love  
E.B. Paul

1. And a good time was had by all. 2. Where will we go next year, Coach? 3. Remember when we saw the football boys off? 4. Mr. Abbott and a prize bossy. 5. Gates, an Ace. 6. Are you happy, Homer? 7. Slow down, Homer. 8. The Green Dog bus line in the days of old. 9. Cheerleaders for the green and white.

Remember the swell days  
when I was a pledge  
and you were a member.  
I wish you all the  
luck in the world.  
Seab

## *Drum and Bugle Corps*

---

Arkansas A. & M. is very proud of its musicians. The concert band and the Drum and Bugle Corps are made up from students from every high school in the state and the surrounding states. Very few colleges have Concert bands, but we have one that we are proud to say will equal the best. Nothing will win the attention of a crowd quicker than a marching band dressed in colorful uniforms.

There is nothing so beautiful as a parade of beautiful girls dressed in red and gold. Not only are these girls attractive, but they can actually play good music on their drums and bugles. We owe a lot to Fred and Clarence for the skillful way in which they guided these girls along the path to the good musicians that they are today.

ACADEMIC COMMITTEE

# FOOTBALL

The 1940 "Boll Weevil" Football Team gained the reputation of being probably the most unique and unorthodox team to ever play football in the United States. Several nation-wide stories on the team appeared in hundreds of daily newspapers. Feature articles on the team appeared in several of the largest papers in the country, including **The New York Times**, **The New York Herald-Tribune**, **The Pittsburg Press**, and **The Los Angeles Times**. Collier's Magazine headlined the team with millions of readers in an article by Kyle Crichton. Almost miraculously and without precedent in the history of American football, the Arkansas A. and M. Team became one of the nation's most famed teams.

Newspapers, athletic directors, school superintendents, and college presidents stated that the "Boll Weevils" introduced a new theory of football which may revolutionize American football. A New York sports writer wrote that the team had given, "the most unique contribution ever made to college football." In spite of losing more games than winning and coming from a small college in a little-recognized section of the United States, the team attracted the attention of the entire United States—an achievement never before duplicated.

Everywhere the team played, it won the crowds with its spectacular, clean, and original style of play. To see a group of boys playing football solely because they liked to and enjoying every minute of every game whether winning, losing, or tying was a refreshing spectacle to most fans.

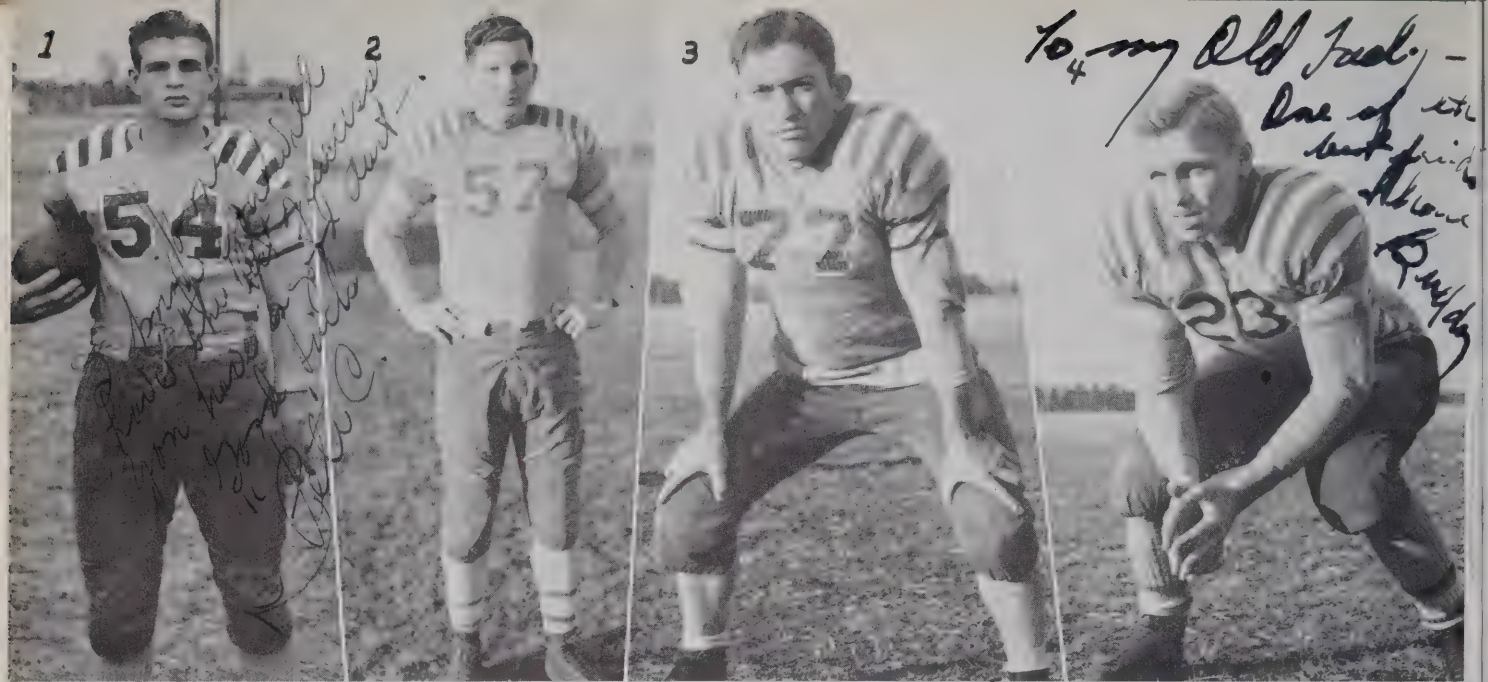

The season opened with a game with Louisiana College in Pineville. Although losing, the Weevils were asked back for a game next fall after they had attracted the largest opening game crowd in a number of years.

The team played two games on their next trip to the eastern part of the United States; the first, with Eastern Kentucky Teachers in Richmond, Kentucky, and the next, with Lebanon Valley College in Hershey, Pennsylvania. Several large cities were visited including Pittsburg, Washington, Baltimore, and Nashville. The boys enjoyed the wonderful hospitality of the Hershey Chocolate Company for several days and had full opportunity to enjoy their stay in one of the most beautiful spots in the nation. Hans Groenhoff, ace photographer for Collier's and Life Magazine, travelled with the team for a day.

Two days after the return from the East, the team started on its trip to the West, playing the first game at Denton, Texas. During the following week, the team saw the Grand Canyon, the Painted Desert, the Rocky Mountains, and many other scenic spots. Three days were spent in Los Angeles and Hollywood where the team visited many of the show places, saw many movie stars, and went through Warner Brothers Studio. The team visited with Bob Burns and were his guests both at his home and at the broadcasting studio. One of the brightest events of the trip was the dating party which the boys enjoyed with a group of U.C.L.A. girls, including several who appear in pictures.

Leaving Hollywood, the team travelled through the orange groves and grape vineyards of California and up the Sierra Nevada Mountains to Reno, Nevada, where a game was played with the University of Nevada. Although the game was lost, the boys soon forgot the defeat in the liveliest and most rapidly-moving city in America.

The most exciting travel of the season came next as the team drove to the coast. Winding through gorges, climbing past Mt. Lassen, skirting Mt. Shasta, and creeping around the peaks of the Sierras on the narrow roads carved from the side of the mountains gave the boys probably their greatest thrills. On reaching the coast, the team lost to California State in a driving rain storm. Hurriedly, the team started on their next leg of the trip, covering sixteen hundred miles of mountain and desert in the next four days to reach Rapid City in time for their game with the School of Mines. The Boll Weevils won this game in one of the best and most spectacular displays of football ever seen in the state. Fifteen hundred miles were travelled in the next three days, reaching home at midnight before playing Hendrix College the next afternoon. The Boll Weevils lost to Hendrix in the last three minutes of play after holding them to the closest game between the two teams in the past ten years. During the three weeks, the team played five games interspersed between seven thousand miles of bus travel—an endurance record which has probably never been equalled by an American college football team.

After a short rest, the team made another eastern trip, playing in New York City and in Springfield, Missouri. A number of colleges and universities were visited on the trip which included a number of interesting miles of travel up the Atlantic Coast. While in New York, enjoying the thrills of a large city, the team received large amounts of publicity from most of the New York newspapers.

The last game was played with North-West Mississippi College whom the Aggies defeated by a score of 28 to 0 in one of the best exhibitions of orthodox football ever seen on the local field. The "Marx Brothers of Football" proved to their supporters that they could play good, straight football and win when they wished.

1. Gee Gosh, Coach, are we going to play Oskosh. B'gosh! 2. Twenty-five yards of publicity. 3. Before the game. 4. The coach talks it over. 5. Ready, boys? 6. Coker drives again. 7. A minute till kick off. 8. Kick that ball. 9. The half. 10. Yea, team! 11. Is this a huddle?

# Battery "B" . .

Battery "B" was organized on the campus of the Agricultural and Mechanical College, Monticello, Arkansas, and was Federally recognized on October 16, 1923. The home of the battery was in a frame building until it was moved into the present armory in 1926.

Major B. S. Hargis commanded the battery until March 11, 1933, when he was promoted, and Captain James H. Hutchinson, who is now in command of the battery, was put in charge. The battery has had four first lieutenants: Hugh P. Moffitt, James H. Hutchinson, Alaga H. Boyd, and Clayton C. Hanson

FIRST LIEUTENANTS

Hanson, Sumner

Hugh P. Moffitt, Walter P. Nelson, James H. Hutchinson, Alaga H. Boyd, Fay W. Hammons, Crawford R. McLellan, Travis C. Keahey, Frank W. McGibbony, and George L. Ladd have served the battery as second lieutenants, in the order named.

The battery has had only two supply sergeants and caretakers. Sergeant Jennings B. McDuffie served in this capacity from the time the battery was organized until his death on February 18, 1937. Sergeant McDuffie had the name of being one of the best caretakers in this Corps Area. Sergeant Robert G. Anderson, followed McDuffie as supply sergeant and held that position until January, 1941. This position is now held by Sergeant Gerard Sangster.

JAMES H. HUTCHINSON

# Phi Lambda Chi

Paul Reasons	President
James Scisson	Vice President
Shelby McGee	Secretary
Maurice Willis	Treasurer
Garry Kitchens	Sponsor

The founders of Phi Lambda Chi, in creating an organization, opened the door to great opportunities for students of teacher training. The college fraternity is somewhat unique; it is an organization of which every member is proud and for which every brother has labored.

On January 14, 1940 a group of Phi Lambda Chi fraternity men from Arkansas State Teachers College at Conway, Arkansas, came to Arkansas A. & M. College to install the baby organization on our campus, the Gamma Chapter of Phi Lambda Chi Fraternity. On that date ten men were initiated, who we're to make and did make Gamma Chapter a major organization on our campus. Since that time Gamma has initiated thirty-four outstanding men of our college, who rank high in their respective chosen field and likewise enjoy a position of leadership and distinction on our campus. We are constantly trying to promote a feeling of friendship with our fellow man.

Cruce, Hubert Clifton, Hoyt Clifton, Dunlap, Foote, Grumbles, Handly, J. Higginbotham, L. Higginbotham, Hogan, Mosley, Rial, Roberts, Schneider, Strahan, Urton, and Wenzel.

*Secretly, a man's life is made up of many things. It is not just the things he does, but the things he feels. It is the things he thinks, the things he dreams, the things he hopes for. It is the things he loves, the things he hates, the things he fears. It is the things he is, the things he becomes. It is the things he is, the things he becomes.*

It is not the participating in activities that makes one as happy as the reminiscing of the memories associated with these occasions. The men of Phi Lambda Chi 1940-41 will turn through these pages in later years and remember old friends, who, together with themselves helped to build this chapter in its younger years. They will remember the anniversary banquet, January 12, celebrating the progress of this first year. Their thoughts will venture back to A. and M. with memories of "rats" with their paddles and of "shinny rat," nor will they ever forget the gala spring formal.

It is to these happy moments in the future that we dedicate these pages of our yearbook.

BETTY FARRELL

Sweetheart

Dear Dwyer, you're a chicken, but a swell fellow. He enjoyed your friendship all this year. He's hoping it will continue forever. You've got what it takes, so stick with it. Hambury ain't as good as Kentonville though. Your friend, J. B. White

Don't you know me? I'm the one who's always in the back of the class.

Don't you know me? I'm the one who's always in the back of the class.

**Sorority**

# Phi Sigma Chi

Dear Sawyer. I think you are a swell  
 lady and know that you will be a  
 great year for Sigma Chi next year.  
 Have all the luck in the world to a  
 good old S. C. T.  
 Love  
 Sawyer

The Phi Sigma Chi Sorority was organized in 1936, by Jo Hutchinson, Elizabeth Culbertson, and Louine Selman at the home of Mrs. J. H. Hutchinson, and since then has been one of the most active organizations on the campus.

Mrs. T. C. Weiler was elected sponsor, and the next year she was succeeded by Mrs. Alaga Boyd. In 1938, Mrs. Boyd was succeeded by Mrs. M. J. Durand, who is still our active sponsor.

Last year Mrs. Lamar Williamson, Mrs. R. D. Dickens, Mrs. J. H. Hutchinson, and Mrs. C. C. Smith were selected by the group as patrons.

Dear Sawyer,  
 I'm so glad you know  
 me - I hope you  
 are going to make a fine  
 president. See you  
 soon. You won't forget  
 me. Your friend,  
 Edith Smith

LEVERITT, WALLICK, BURNHAM

## INTRAMURAL ATHLETICS

*Dear Son,  
Best wishes  
to you always  
a successful  
happy life.  
Dorothy*

Living up to tradition, the year's program of intramural athletics surpassed all previous ones in participation, competition and interest. Under the leadership of Mrs. Peggy Wallick, J. P. Leveritt, and student assistants, the program blossomed into one of a wide field of sports. Intramural activities of one phase or the other were in order at all times during the year.

One of the biggest factors in the success and interest of sports was the formation of intramural teams according to living quarters and clubs. Six teams composed of practically every college man enrolled at A. and M. competed in intramural football basketball, volley ball, tennis, soccerball, ping pong, badminton, softball, track and baseball. Five women's teams took part in such sports as tennis, badminton, basketball, volleyball, softball and archery.

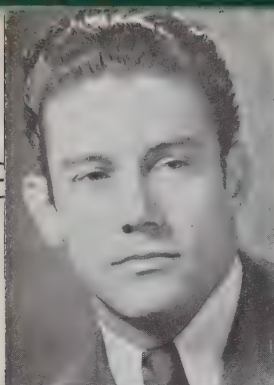

The College is well equipped for these sports. Ample ground is provided for the playing of each of the sports. The National Guard Armory provides plenty of space for intramural games of tennis, badminton, basketball, volleyball, and table tennis.

The Aces, strong intramural football team, defeated the Sigma Tau Gammas team in the finals, thereby winning the title of intramural football champions.

The Grapes of Wrath, were crowned intramural basketball champions by their victory over the Aces.

Intramural activities have succeeded in reaching every student on A. and M.'s campus, and much spirit has been shown during the past season.

LEVERITT  
WALLICK

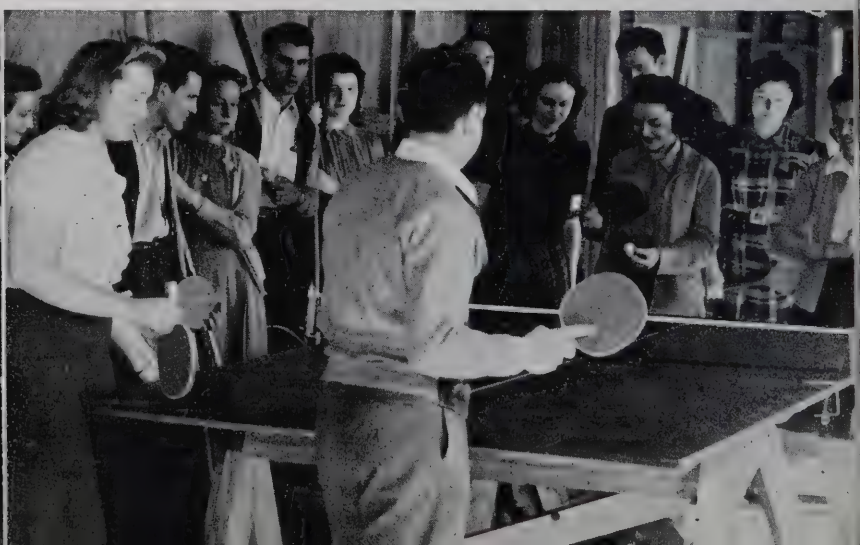

# PHYSICAL EDUCATION

The Physical Education department of Arkansas A. and M. College has pushed a wider, more varied program this year under the direction of Mr. Stewart Ferguson, Mrs. L. O. Wallick, and J. P. Leveritt.

With the aid of the intramural council, a group of team captains and student coaches, the department has been able to extend the benefits of physical education to nearly every student in the college. Such sports, stunts, and games as soccer, touch football, softball, basketball, wrestling, boxing, ping pong, tumbling, adagio, tennis, badminton, aerial darts, folk dancing, fencing, volleyball, and archery were included in the program. Four definite forms of Physical Education were used:

1. History and principles of Health and Physical Education.
2. Intercollegiate Athletics.
3. Rhythmics and gymnastics.
4. Games and sports.

Special activities were tumbling trips to El Dorado and Smackover; participation in the A. A. U. Wrestling meet in Little Rock; entrance in play day at Arkansas Polytechnic College, Russellville.

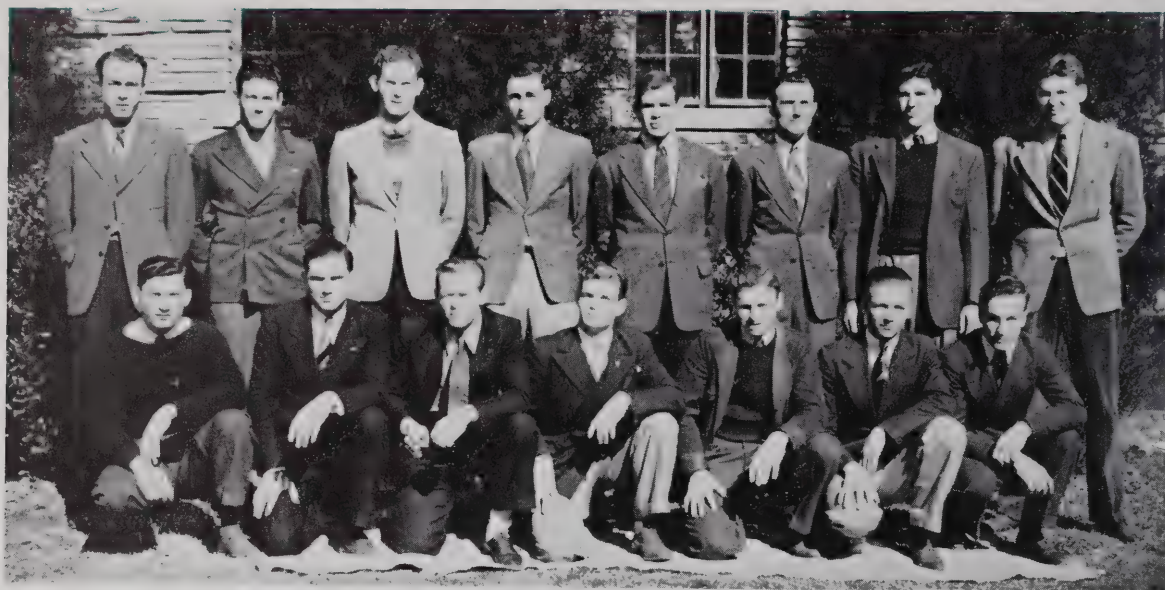

1. ADAGIO  
3. DANCING  
5. PYRAMID

2. TUMBLING  
4. GIRLS' BASKETBALL  
6. MEN'S BASKETBALL

---

## "A" Club

John Cubage, J. P. Leveritt, Orion Gates, Teddy McKinney, Stanley Cheshier, Van Brewer, Paul Stegall, Terry Feild. Ira Jones, Charles Colvin, John Scritchfield, P. M. Cheshier, Frank Carson, Jewell Gryder, Benny Gaston.

The "A" Club was reorganized this year and selected Terry Feild as its leader. Membership in the group is offered to all football players who earn the letter "A". The purpose of the club is to promote interest among the players and students. The members of the club each year make and enforce a rule that no letter, except the letter "A" may be worn on the campus. With the successful reorganization, we know that it will continue to be a thriving club throughout the coming years.

# Lion Extends Seniors

*wishes for*

## GREATER SUCCESS

To the young men and women graduating from the Arkansas A. and M. College, the Lion Oil Refining Company extends its sincere hope that greater success awaits each and every graduate.

Realizing that alertness, ability and progressiveness are essential to survive modern competition, Lion makes it a policy to offer only the best in petroleum products to its consumers. Lion KNIX-KNOX gasoline and Lion NATURALUBE motor oil have been acclaimed by the motoring public in Arkansas as being the best.

Likewise, your success in the business world will be dependent upon your alertness and ability to anticipate the needs of community and supply them on your own initiative . . . These are some important requisites of success.

Again Lion wishes you—the graduating seniors—the greatest of fortune in the new experiences you will soon undertake.

## Reminiscence

Dubb isn't making the rounds on the campus this year. Is it that he has interest elsewhere, or is he settling down.

Ace, be careful with the cats on your midnight rounds.

Such a lot of good wind is wasted at drum corps practice, mostly Fred's.

A. C. the next time they dim the lights for a no break dance, you and Bookie try to stay out of the corner.

John Karber rides again and was A. P. glad to see him.

Shorty called La Frances all the way from El Paso the other nite, must have a crush on her.

Eugene Barnes entertained Rachel and Edna Bond on the steps of Horsfall the other nite.

What has happened to the Shipley-Brewster romance, or has anything?

The eternal triangle—Ethridge, Hutchinson, DeLoach.

Ola Sue did get that Fakouri diamond, didn't she?

Jimmie Jones seems to be the Romeo of the kitchen force.

Danna, the fall in the kitchen was very graceful: careful next time.

Charlestine is really doing a good job of handling Terry Trimble.

Are Pillhead and Arthurline still the same? I haven't seen them.

What is this that Ace and Killer have on Odell?

A new addition to The Commons, Eugene Barnes.

Lefty is certainly proud of a big picture he has.

Marion is stepping out with an old flame, Douglas Griffin, maybe she will be sorry when the army leaves too.

Are you on Vance's Christmas list?

Reported as having the sweets, Van Brewer, the object lives up town.

## Reminiscence Cont'd

Prather and Edith must have the real thing, they were seen in Little Rock watching the Arkansas-Texas football game.

Looks like there might be something to that Tichner-Gates affair.

M. E. M. and B. J. C. were seen with two Dermott boys Sunday. Now girls was it nice to have a date after they left?

I have heard that Bob and Zaph like to walk to town in sock feet.

Doc, did you say April 23rd was the last time?

Paul Reasons and Dorothy Freeman must be getting along fine. Everyone sure is surprised.

Wonder who they will get for Vickey this year?

Childs Martin is rushing the Freshman girls this year. Lately it's been Jane Pryor and Danna Boucher.

What is there about these Pine Bluff women that make them so exclusive. (Tom and Dubb would like to know).

Killer Ivy isn't making the rounds on the campus this year, 'smatter Killer. P.S. He got started later.

Joe Urton finally made a catch on the campus, a very nice one too.

Do you know what seven seconds is the fastest time for? Ask the Sorrells Hall boys.

While Reminiscing I'll be looking forward to a fine time next year.  
Nuff said—

## At Mail Time

Hey, Prather, boy, I'll take a coke;  
 Now, whadya thinka that—?  
 . . The mailman sure is late today,  
 He must have had a flat. . .  
 . . Yeah, Vance, we girls all love you lots . .  
 Have you got your English theme? . . .  
 I wish you'd gimme some water, Barnes!  
 . . I guess I'll take ice cream.  
 Well I'll be dawged, here's Flat-Foot-Floozie!  
 Have you cracked a book this year?  
 . . Is there a C. O. D. for the Demarees?  
 No. Sorry, there's nothing here.  
 . . You never heard of such a test! !  
 I know I flunked it flat.  
 Are you goin' to the show tonight?  
 It's "Casey at the Bat."  
 . . Hey, Harry, where's my Hamburger?  
 Can't you fetch it to me soon?  
 I think I have a class, you know,  
 Tomorrow afternoon.  
 . . (I heard he said that she told him  
 That they would call it quits—  
 For heaven's sakes, don't you quote me).  
 . . Gimme change for this two-bits?  
 I thought I'd get a package, sure.  
 It didn't come? . . . Oh well . . .  
 I think I'll eat a Power House.  
 Come on! There goes the bell!

### **ARKANSAS SOFT PINE**

Southern Lumber Company, one of the South's largest lumber manufacturers, serving the trade from the New York Harbor to the Golden Gate and from the Great Lakes to the Panama Canal.

We specialize in quality from tree to the finished product. Our foresters select the trees for our new modernized plant where our sawyers saw for grade, our kiln men scientifically dry the lumber which our planing mill operators faultlessly machine, and our shipping service is handled with efficiency and dependability. Therefore, along with every foot of quantity we ship goes a foot of quality.

If it's quality you want, we have it in SOUTHERN BRAND Hardwood Flooring, Moulding and Trim and Genuine Arkansas Soft Pine Flooring, Finish, Casing, Base, Moulding and Stain-line interior trim.

## Wish We Could Have Seen

Pattie Moffatt trying to ring Central on Mr. Bankston's pencil sharpener.  
The look on Jamie Scisson's face when he walked into Sorrells Hall  
one certain night.  
Ace Johnson shaking the bushes.  
Barney Chisolm giving \$20 to a good friend of his.  
Dubb Roark at Pine Bluff working on the Annual.  
The number of ties worn by the A. & M. boys during Senior high school  
days — Could it be they are prospecting for new girls.  
How Miss Emma looked when she hit Harry with a coke bottle.  
Rachel when she let the shade up.  
"Doc" enticing Edna Bond into his room.  
Coleman trying to keep his women apart on a certain week end.  
Derrick Swantz in Monroe.  
Melburn and Ace at the stock show.  
Ivy and Mary Liz when Irene walked into the commons.  
Frances B. when she got her Harry's mixed.  
Joe Coker when Chris went to the Guard dance with Benny.

OUR TALE IS TOLD

To one of my favorite husbands:

Sawyer, I'll never forget the fun we've had together. Remember the Freshman election when we did all that politicking - and you were elected president? And the night you + Liz + Karl + I went to "Puds?"

You're such a swell boy + I'm awfully glad you're to be president of Sigma Tau next year. I'll never forget you, Jimmy.

Your truest wife,

Loachy
